What do you like most about the neighborhood?

It has an interesting juxtaposition between an industrial history and modern living and work accommodations. The restaurants are unparalleled and there is always something new going on between the galleries and music venues.

What do you think needs improvement in the neighborhood?

Street and sidewalk safety is a big issue for me. Street lights are sparse or in disrepair. Crosswalks are faded or non existent, and dumping/litter has no recourse.

Tell us a little about yourself—how long have you lived in the neighborhood and why would you make a good board member:

Hello!

I have been working in the neighborhood for 1 year with Arts + Crafts Holdings. In my Community Relations role, I have been able to work with members of the community on a number projects and events including Mural Arts, Truth to Power, J2 Design, Collective Action PHL, AIGA Philadelphia, Design Philadelphia and Philly Tech Week.

I'm also co-chair of CANstruction Philadelphia, a design and build competition to help end hunger with Philabundance, and a grant writer for Friends of George W. Nebinger School. I serve the governance board member at Charter High School for Architecture + Design and also served on Mayor Kenney's Transition Team for Planning, Housing and Development.
