What do you like most about the neighborhood?
 I love a 'mixed-use' neighborhood where residential and commercial coexist. Conversion from old commercial buildings into residential is appealing to me. Unfortunately mediocre new construction is affecting the balance.

What do you think needs improvement in the neighborhood?
 Trash is a major problem. I know that some individuals in our community have approached some of the building occupiers that should be held responsible for cleaning curbs and side streets. We should continue to apply pressure.

Tell us a little about yourself—how long have you lived in the neighborhood and why would you make a good board member:

I love the neighborhood. Even though I officially don't reside in the Loft District, I owe a unit in the Old Shoe Factory and my partner resides in The Beaux Arts building, where I spend most of my time.
